Re: Notification Pursuant to Proposed Consent Order Paragraph 17

Dear Mr. Scott,

Pursuant to the requirements of Paragraph 17 of the proposed Consent Order, Chemours is notifying the Division of Waste Management of the completion of the permanent lining of the north sedimentation pond. This lining was completed on December 19, 2018. Although the proposed Consent Order has not yet been entered by the Court, Chemours is continuing to proceed on the schedule set forth in the proposed Consent Order with respect to these requirements. We are also providing notice as set forth in the proposed Consent Order.

If you have any questions, please contact me.

Sincerely,
