Re: Response to NCDEQ Comments on Consent Order Paragraph 18 On and Offsite Assessment Report

Dear Mr. Scott,

Please find enclosed the *Response to NCDEQ Comments on Consent Order Paragraph 18 On and Offsite Assessment Report*. This memorandum responds to comments submitted to Chemours on December 23, 2020 by the North Carolina Department of Environmental Quality (NCDEQ) regarding the On and Offsite Assessment Report (SA Report) for the Chemours Fayetteville Works site. NCDEQ comments pertained to the October 31, 2019 submittal of the SA Report and also contained comments regarding the Human Health Screening Level Exposure Assessment (HH-SLEA), which was submitted to NCDEQ on December 31, 2019 as an attachment to the Corrective Action Plan (CAP). The SA report was prepared and submitted pursuant to paragraph 18 of the February 25, 2019 Consent Order (CO) among Chemours, NCDEQ and Cape Fear River Watch (CFRW), and the CAP was prepared and submitted pursuant to paragraph 16 of the CO. The response memorandum was prepared by Chemours' consultant, Geosyntec Consultants of NC, P.C.

If you have any questions, please contact me at Dawn.M.Hughes-1@chemours.com.

Sincerely,

A handwritten signature in black ink that reads 'Dawn M. Hughes'.

Dawn M. Hughes
